- PhD in Seoul National University
- Inje University Oral & Maxillofacial surgery department professor
- Harvard School of Dental Medicine Implant Center as a Visiting Professor
- Part-Time Professor of Inje University & Seoul National University
- Director of AIC / AAO International Director
- S&H Dental Clinic Chairman

TESTIMONIALS

Dr.Jeon's seminar was fantastic! ★★★★★

He is an extremely enthusiastic and knowledgeable speaker when it comes to all things to do with implants. Always happy to answer any questions and due to his extensive experience was able to comment with certainty what would and wouldn't work as he has tried almost everything that was asked by the other dentists. He was more than happy to share his techniques and what to avoid (unlike some other presenters who just show you what they can do but not the technique used to achieve the result and equally as important - what techniques have been tried and haven't worked) with us and has made quick reference summaries for us to refer back to. I just wish we had more time with him so we could pick his brain some more and learn from his wealth of knowledge and experience.

Dr. John Tsougranis (BDS, MICOI)

It was such a wonderful trip and great seminar. ★★★★★

I have learned a lot. It is my first seminar with Dr.Jeon, what a overwhelming experience for me. There are a lot of catch up and remember. I will start my first anterior immediate implant next Thursday straight after an extraction of failed post-core-crown. Really exciting! Thank you very much for organizing everything for us. Looking forward to start the journey with Minimax soon.

Dr. Annie Cao

What a fantastic course run by Minimax ★★★★★

Dr. Jeon is absolutely amazing and his live surgery is a sight to behold- genius with his knowledge and hand skills to match.

Dr. Kumsuz
