**Australian Biocare Academy** aims to enhance dentists' expertise globally, empowering them for smoother and more effective daily practices. Our mission is to equip dentists with the skills and knowledge needed to excel in their field. We offer a range of courses covering various aspects such as surgical wisdom teeth extraction, implants, zygomatic implants, sterile procedure setup, image interpretation, surgery planning, and more.

Dr. Richard Bulara Esper Kallas, the esteemed Founder and CEO of Australian Biocare Academy, is deeply passionate about dentistry and is eager to share his expertise with you. His journey began in 2005 when he established the renowned "KALLAS Institute" in Brazil.

At the core of the Kallas Institute was a bustling clinic staffed with over 20 dentists and a cuttingedge dental laboratory boasting more than 15 technicians. Dr. Richard, alongside distinguished experts from around the world, also led educational courses at the academy, igniting a shared enthusiasm for dentistry among patients, colleagues, and team members.

Despite his demanding schedule, Dr. Richard consistently prioritized furthering his knowledge and skills to deliver optimal patient care. With over 25 years of experience and a track record of installing more than 18,000 implants, he is widely respected in the field.
